E-mail: info@ideal.lv	e-mail:
Representative:	

Hereinafter also referred as "**Party**" or "**Parties**" have concluded a deed of acceptance and handover of a Rental Device (hereinafter referred to as "Deed"):

Name of the Rental Device	Serial number and IMEI code (if applicable):	List of add-ons (if applicable):

By signing the Deed, you confirm that: (1) you have returned the Rental Device(s) listed in the Deed, which has been given to your possession based on the Rental Contract. The device(s) were handed over to us in the condition identified during the initial visual inspection noted in the Deed; (2) you have reviewed, understood, and agreed to the General Terms and Conditions of Inbank AS, the Full-Service Rental Terms and Conditions of Inbank Rent AS, the Rental Item Return Conditions, and the Price List, which are an integral part of the Rental Contract and this Deed; (3) you are aware of the conditions for evaluating the condition of the returned Device and your obligation to compensate for damages if the Device is destroyed or damaged; (4) you have reviewed the content of this Deed, understood it, and agreed to it.

As of the preparation of the Deed, the initial visual assessment of the Rental Device's condition is as follows:

Make sure Find My is switched off, Apple ID and Activation lock removed	
Are all the original parts included in the package still present (e.g. a working charger or cable)?	
Does the device switch on and off? <ul style="list-style-type: none">The device switches on and off without a chargerOn visual check, the charging port is not damagedThe frame, earphone port, charging port, and SIM tray are free of corrode, indicating water damage	
Does the operating system start up? <ul style="list-style-type: none">The device starts up (from the internal drive) until the home screen or login window is shown. If the customer wants to delete their data on the spot, it's recommended to create a new user folder with admin rights, then delete the existing user along with its data.	

Is the screen of the device working and free of damage?

- There are no nicks and cracks on the screen or camera, the LCD is free of cracks, there are no permanent keyboard marks on the screen, the casing is not loose, etc.
- The screen and the backlight work correctly
- The display shows images correctly, there are no vertical or horizontal spots, the colors and graphics are not distorted, there is no flickering

Is the device physically sound?

- There are no keyboard prints on the screen
- There is no major damage on the body of the computer (the frame or backside glass are not deformed, cracked, split, or broken)
- There are no nicks or cracks on the edge of the glass, the glass is not loose from the computer (check the edge of the glass)
- The plastic seal between the frame and screen is not cracked or broken
- The screen is not loose (check the edge of the screen)

Are all buttons present and working?

- All original parts are present (battery, backside glass, buttons, port covers)
- All buttons work easily, without using force (home button, switching on, changing the volume, muting)

The Deed is executed in two identical copies, one for each Party.
